SAMMIES BUSY CHANGING "HUNS INTO CASUALTIES"

Men On American Front are
Cool and Methodical

Associated Press Correspondent Vis-
its Front Thru Courtesy of French
Staff.

(By The Associated Press)
WITH THE AMERICAN ARMY
IN FRANCE, Nov. 20.—The Amer-
ican artillery and infantry at the
front are dry once more, the rain
having ceased for several days.

The correspondents visiting the
immediate front thru the courtesy
of the French staff found that the
Americans had taken advantage of
the rainless weather and were de-
voting all their energies to chang-
ing, as they put it, "Germans into
casualties." They are on their toes
every minute and are not letting a
single opportunity slip to send ma-
chine gun or rifle bullets at the
enemy. There is no doubt that the
men like the life they are living.
They are cool and methodical as if
they had been doing nothing else
than fighting thru their lives.

The fine group in the first line
trenches had just sat down to their
salmon sandwiches and coffee when
they jumped up and cut loose with
their automatic rifles at Germans
who were discovered hanging out
clothes on a wire in a battered vil-
lage. They saw the enemy dive for
cover like rabbits, and then they
went on with their meal as if nothing
had happened.

This particular section of France's
long battle front in the earth does
not absorb water like a sponge as
in some other localities. There has
been no rain for three days, so the
ground is fairly dry.

The uniforms of the men show
evidence of where mud once had
been, but that is all.

From the first line trenches, which
are on a hill the German first line
can be seen clearly between 500 and
1,000 yards away. There was some-
thing in the German first line once
which will never go back to Ger-
many. It is a woolly dog who de-
serted the enemy, crossed No Man's Land
and bounded into an American
trench one dark night recently. It
licked the hand of an American
"dough boy" and was promptly fed
with a piece of white bread and a
handful of Columbia river salmon.
He was thereupon adopted and now
rooms all around the trenches and
even walks on the parapet and thru
the barbed wire entanglements as
if there were no war.

"This pup" one of the soldiers
said, "is a naturalized American and
there is no hyphen about him. He
has entirely forgotten all his boche
connections. I hope he gets a chance
to bite the kaiser."

As the correspondent approached the
trench lines over the shell pitted
ground the enemy started breaking
shrapnel over the first line. This
firing lasted but a brief time stop-
ping as suddenly as it began. Immedi-
ately afterward came detonations from
the rear and the whizz of shells over-
head as the American batteries
got into action. Then smoke puffs
suddenly began appearing over the
German trenches. The infantrymen
looked cautiously over No Man's
Land while the firing was going on
but as soon as it was over they ap-
peared to forget all about it. In a
nearby dugout the men off duty had
not even heard the racket. Their
principal worry being rats. One oc-
cupant of the dugout explained that
there was sleeping room in it for
thirty eight men and that twelve
cats were kept in it. Cats were ev-
erywhere, some sleeping on folded
blankets and some prowling in dark
corners or staring their prey.

The men all appeared to be in
the best of health, although during the
wet and cold weather of previous
days several men in this unit had
contracted "trench feet" and cold.

While the sun was going down be-
hind the hills and the darkness was
coming on swiftly scarcely a shot
was fired. Just as the sun passed
below the horizon, however, the
German batteries opened up on one
of the battery positions with a hot
fire the high explosives bursting with
the regularity of the clock tick-
about one every second. The bom-
bardment lasted a couple of min-
utes and then ended abruptly. Im-
mediately the American batteries re-
taliated, flashes of orange colored
flame stabbing the night. The de-
tonations—some heavy and some
light—continued for some time with
as much speed as the Germans had
shown. Then the straffing and the
answer being over the artillery set-
tled down for the night of usual
quiet.

HAWAIIAN ISLANDS NEED LARGER APPROPRIATIONS

SAN FRANCISCO, Nov. 20.—
United States Senator Henry Ashurst
of Arizona, member of the congres-
sional party which recently went to
the Hawaiian Islands on an investi-
gating tour returned to this country
today.

Other members of the party will
return Nov. 28, he said.
"There is no question that the
claims of the Hawaiian people for
larger appropriations for fortifica-
tions and military roads are just-
ified," he said, "and this visit has
opened the eyes of the congressional
representatives."

GARRISON REINFORCED

El Paso, Texas, Nov. 20.—The
Juarez garrison of 400 federals was
reinforced today by the arrival of
600 infantry and cavalry from Chi-
huahua City. This decreased appre-
hension in Juarez of a successful at-
tack by Villa forces. A large federal
command is now moving toward
Ojinaga to attack Villa, it is said.

REV. KELLY MURDER TRIAL NEAR END

Red Oak, Ia., Nov. 20.—The case of
Rev. Lyn George J. Kelly, on trial
for murder in connection with the
Willis Ave. slayings of 1912, may go
to a jury for the second time in
district court here Thursday night.

With the announcement that the
state expected to conclude its direct
testimony today and the expectation
that the defense would occupy
hardly more than a day, court at-
taches look for a verdict this week.

The first trial ended nearly two
months ago in a jury disagreement
with eleven for acquittal and one
juror for "not guilty because of in-
sanity."

ODD FELLOWS PLEDGE THEIR LOYAL SUPPORT

Grand Lodge of State Sends
Message to President

Interest in Sessions Today in Grand
Lodge and Rebekah Centers in
Election — Rebekah Vice-Presi-
dent's Association Elects.

Springfield, Ill., Nov. 20.—At the
opening session tonight of the Grand
Lodge of the Illinois I. O. O. F. in
annual session here a resolution was
introduced and a telegram sent to
President Wilson pledging to him and
to the government the loyal support
of 106,000 Odd Fellows and 60,000
Rebekahs of the state during the
war.

Interest in tomorrow's meetings
of the grand lodge and of the Re-
bekah assembly also convened here,
centers primarily in the election of
officers. The grand lodge will hold
its election as the first order of
business in the morning and the Re-
bekahs will elect in the afternoon.

John W. Berney of Bloomington,
Dr. C. A. Robbins of Dixon and A.
W. Murphy of East St. Louis, ap-
pear as the most formidable candi-
dates for the office of warden of the
Grand Lodge, the only position for
which there is any contest. Other
candidates, however, are expected
to appear at the election.

In the Rebekah assembly contest
for warden Mrs. Ida L. Sherman, of
Chicago; Mrs. Alice Tree of Peoria;
and Mrs. Effie Fick of Chicago,
have announced their candidacy with
the fight apparently being between
the two Chicago candidates.

At a meeting tonight of the Re-
bekah vice-president's association the
following officers were elected:
President—Miss Lena Carlin of
Jerseyville.
Vice-president—Mrs. Dora L.
North, Farmer City.
Secretary—Mrs. Lola L. Rickard,
Macon.
Treasurer—Mrs. V. Catherine
Thomas, Quincy.

COMPLETE 20,000 TONS OF SHIPPING

WASHINGTON, Nov. 20.—Ameri-
can shipyards whose construction
was commandeered by the govern-
ment completed last week 20,000
tons of merchant shipping. The ship-
ping board announced today that
this brought their total output since
the commandeering order was issued
on August 4 up to 28 vessels of
159,000 tons capacity. With speed-
ing up processes under way tonnage
will begin to come from the yards
at a much faster rate than that
shipping board officials predicted.

The first ship of the government's
great fleet of nearly 1,000 vessels
for which contracts have been let
will be completed at Seattle on Nov.
24. It is of steel of 8,800 tons ca-
pacity and a designed speed of 11
knots. The first of the wooden ships
will be launched about Dec. 1.

BALL PLAYERS BRING SUIT AGAINST BIG FOUR

TERRE HAUTE, Ind., Nov. 20.—
Manager John C. Nee of the Dayton
Central League ball team and two
members of the team brought suit
against the Big Four railroad in the
local courts today for damages ag-
gregating \$70,000 for personal in-
juries received in a wreck on the
road last August. The players set
out that they were permanently in-
jured. Nee asks \$10,000; Patrick A.
Donahue, \$50,000, and Fred Derrick,
\$10,000. Louis Schettler, pitcher,
filed suit here last Saturday for \$50,000.

OFFICERS THREATEN TO DYNAMITE ADOBE HOUSE

Lordsburg, N. M., Nov. 20.—Fed-
eral authorities, threatening to
dynamite an adobe house, captured
today a man held as Abram Rodri-
guez, a Mexican indicted in Chicago,
in the alleged industrial workers of
the World conspiracy case. Rodri-
guez, the authorities said held them
off with a rifle and tried to burn
papers, some of which were seized. He
will be taken to Chicago.

DEPARTS FOR FRONT

Paris, Nov. 20. General Marie
Fayolle, commander of the French
frontiers in Italy, departed last
night to take up his duties. General
Fayolle is an artilleryman. He served
under General Petain at Carceny
in 1915 and afterwards was pro-
moted and placed in command of
the sixth army. He conducted the
operations on the Somme which re-
sulted in the retreat of the Germans
to the Hindenburg line. He then
took command of the Central Group
of Armies.

OHIO OVERSUBSCRIBES FUND

Columbus, O., Nov. 29.—Returns
today from over Ohio showed that
the Y. M. C. A. "war work week"
campaign in the state had netted
\$4,300,000 with much rural terri-
tory yet to be heard from. The
state's allotment was \$2,750,000.

ENEMY DIPLOMATS BOARD STEAMSHIP

Germans and Austrians Given
Safe Conduct

Party Has Been Under Surveillance
of Agents of Department of Justice
at Hotels—Driven to Pier in Auto-
mobiles with Drawn Curtains.

An Atlantic Port, Nov. 20.—Ger-
man and Austrian diplomats and con-
sular representatives from Asiatic
countries boarded a Norwegian
steamship here today to return to
their native countries under a safe
conduct granted by the allied gov-
ernments. The ship was to have
sailed today but was unexpectedly
held at her pier by government auth-
orities presuming to conclude an ex-
amination of the baggage of the party
which, including women and chil-
dren, numbered sixty eight. It was
expected the vessel would get away
tomorrow morning.

The party arrived here from the
Pacific Coast last Friday and has
been stopping at two hotels under
the surveillance of agents of the de-
partment of justice. The members
were driven to the pier in auto-
mobiles with drawn curtains. Their
departure from the hotels attracted a
large crowd, the supposition being
that a wholesale arrest of Germans
was in progress.

A man who said he is Casper
Wrede, a Finn, was arrested as he
was walking up the gangplank of the
ship late today, when it was found
that his baggage had not been in-
spected. He was turned over to fed-
eral agents and held pending fur-
ther investigation.

Wrede, who it is said is an aviator
and had been working near Cleve-
land, Ohio, for several months, was
armed with a revolver. In a suit
case which he carried inspectors
found a quantity of nuts and bolts
and several pieces of steel tubing.
Wrede said these comprised airplane
parts.

WILSON CONGRATULATES SECRETARY MOTT

Grand total of War Fund Cam-
paign Reaches \$49,209,411

Exceeds By Nearly \$15,000,000 the
Goal Set At Beginning of Y. M. C.
A. Campaign.

New York, Nov. 20.—The National
War Work Council of the Young
Men's Christian association announced
here tonight that the grand total
of the nation-wide war fund cam-
paign is \$49,209,411. This exceeds
by nearly \$15,000,000 the \$35,000,000
goal set at the beginning of the
campaign on Nov. 12.

President Wilson, on being infor-
med that the fund was greatly over-
subscribed, telegraphed congratulations
to Dr. John R. Mott, general secre-
tary of the council.

"My heartfelt congratulations on
the remarkable and gratifying re-
sults," the president's telegram read.
"I think it is a national blessing."
The eastern department with head-
quarters in this city, collected \$2,991,665. Its quota was fixed at \$15,500,000. The central department
with headquarters at Chicago accord-
ing to incomplete returns was second
with \$18,389,733 as compared with
a quota of \$12,500,000.

The totals and the quota for the
other departments are as follows:
Northwestern, Boston—\$6,368,925; quota, \$5,000,000.
Western, San Francisco—\$1,773,500; quota, \$1,250,000.
Southwestern, Dallas—\$1,387,000; quota, \$1,000,000.
Southeastern, Atlanta—\$1,207,588; quota, \$1,500,000.

GRAND ENCAMPMENT I. O. O. F. ELECTS

SPRINGFIELD, Ill., Nov. 20.—
O. C. Forsman of Carlyle was named
grand junior warden, the stepping
stone to grand patriarch, by the
Grand Encampment, I. O. O. F. here
today.

Sam Erickson of Chicago was elected
grand senior warden to succeed
F. B. Goren of Carlyle, who is
serving with the coast artillery.

Others who succeeded to office by
promotion follow:
Grand patriarch—Walter J.
North, Chicago.
Grand high priest—Huntington
James, Kankakee.

Sam J. Baker of Olney and Charles
D. Merritt of Salem were re-elected
grand secretary and grand treasurer,
respectively.

WILL TRANSFER TROOPS

Camp Dodge, Ia., Nov. 20.—One
per cent of the selective quotas in
Minnesota, North Dakota, Iowa and
part of Illinois will be sent to this
cantonment soon as the vanguard of
the final increments, according to
officials here. The one per cent re-
present about 500 men. Local draft
boards have been authorized to send
these men in order that many per-
sons who resigned positions when
they thought the final increments
would be called will not have to
remain idle long.

THEATRES REVENUE LARGE

Chicago, Nov. 20.—The three
hundred moving picture theatres in
Chicago are contributing approxi-
mately \$60,000 a week to the gov-
ernment, under the new revenue
law, according to estimates made to-
day by managers of a number of the
amusement houses. The large down-
town theatres and cabarets, it was
estimated contribute about \$15,000
additional, making the federal tax
from amusements in Chicago about
\$75,000 weekly.

War News Summarized

The American mission, headed by
Colonel E. M. House which recently
arrived in England for the purpose of
discussing and co-ordinating efforts
to win the war, has had its initial
meeting with the British war council
and its right hand men.

Details of the conference naturally
have been kept secret but announce-
ment is made that satisfactory pro-
gress marked the discussion. The far-
reaching scope of the conference is
indicated by those in attendance on
the meeting. Colonel House was not
present at the opening session.

Simultaneously across the channel
M. Clemenceau, the new French
premier, was reading the declaration
of policy of the new ministry to the
chamber of deputies. It was to the
effect that the new government had
assumed office in order to carry for-
ward the war with a redoubled effort
towards its successful conclusion.

Between the Brenta and the Piave
rivers on the northern front of the
Italian theater the Italians are tena-
ciously holding back the enemy and
preventing his advance southward to
the Venetian plain, the gaining of
which would threaten their entire
line along the Piave river southward
to the Adriatic sea. Four times at-
tacks against Monte Tomba, the chief
position still blocking the way from
the hilly country to the plain have
been repulsed by the Italians.

East of the Asiago plateau the Ital-
ians are keeping up their offensive
against the invaders and have taken
more than three hundred prisoners
and a number of machine guns and
several hundred rifles. Along the
Piave river the enemy apparently has
made no further effort to cross the
stream after the serious losses he
sustained in being driven back on
Monday from the Zenson bridgehead.

Shifting his offensive to the south,
Field Marshal Haig has delivered a
series of attacks against the Germans
in the region between St. Quentin
and the River Scarpe in France.
territory on which there has been lit-
tle fighting since the spring offen-
sive when notable gains eastward
from Arras to Peronne were made.
Details of the new offensive are not
yet at hand but the British official
communication says that the strike
had satisfactory results and that a
number of prisoners and a consid-
erable quantity of materials have been
gained on the roads leading from
Bapaume and Peronne towards the
important railroad junction of Cam-
brail.

The British rapidly are encircling
Jerusalem in their Palestine cam-
paign, having now brought their
forces to points twelve miles north-
west and fifteen miles west of the
ancient city.

ISSUES STATEMENT TO GREEKS OF AMERICA

Received by Cable from Premier Ven-
izelos Nov. in London for the Ali-
ed Conference.

Washington, Nov. 20.—Premier
Venizelos, now in London for the
inter-allied conference, issued a
statement today to the Greeks of
America. It was received here by
cable as follows:

"I am happy at being able to send
greetings from the capital of the
British empire to the Greeks over
the seas who in this most tragic
period of our national history have
shown moral strength and faith un-
shakable in the policy which draws
its principles from the very tradi-
tions of the Hellenic race. The prin-
ciples were always in harmony with
the ideals of freedom of the great
American democracy."

"It was impossible for Greeks liv-
ing amidst the most liberal Demo-
cratic people of the world not to
loathe the political dogma of Prus-
sian militarism. The Greeks es-
pouse the ideas of freedom so bril-
liantly expressed by America's great
citizen, Wilson."

"United Greece is faithful to the
compact entered into with the allies
and this unity is not impaired by
mischievous, isolated rumors and
the dealings of a few organs which
serve parts of the world to continue
in the fallen regime. We will now
reconquer those Macedonian prov-
inces which a treacherous policy
handed to our enemies."

"I am sure that the vigorous
American Hellenism which during
the Balkan wars helped greatly fight-
ing Greece will continue to play its
part thru this critical period. Hel-
lenism must not forget that only if it
has a deep consciousness of its ob-
ligations to itself will it be able to
establish the new Greece on a firm
foundation to take its honorable
place in the assembly of nations."

SEEK RELEASE OF YOUTH

Chicago, Nov. 20.—Counsel for
John Langman, who with Mrs. Lihse
Langman is accused of conspiring to
poison his foster parents, today
sought a writ of habeas corpus de-
manding his release and contending
that a confession alleged to have
been made by Langman was obtained
by third degree methods. The youth
contended that he had been sub-
jected to a continuous questioning and
half starved until he signed a con-
fession in order to obtain food and
rest.

BOMB DISCOVERED

Chicago, Nov. 20.—A bomb was
discovered on the floor of the parcel
post room in the federal building to-
day, starting federal agents on a
search for its maker and an explana-
tion of how it came to be in the post-
office. A fuse eighteen inches long
wrapped around the cover burned
slowly when it was detached for in-
spection and the powder emitted a
nauseating gas.

CLEMENCEAU GIVEN VOTE OF CONFIDENCE

Vote Follows Declaration De-
cided Upon By New Cabinet

Chamber of Deputies Vote for
Premier Stands 418 to 65—
Clemenceau's Peroration Is Ac-
claimed By Whole Chamber.

Paris, Nov. 20.—The chamber of
deputies this evening gave a vote of
confidence to M. Clemenceau the
new premier 418 to 65.

The vote followed a declaration
which had been decided upon by the
new cabinet and which Premier
Clemenceau read to the chamber.

"I conquer that justice may pre-
vail," the declaration said, "is the
watchword of all our government
since the beginning of the war and
that program shall be maintained."
"There have been mistakes. Let us
think only of repairing them. Alas!
There have been crimes also, crimes
against France. Let them re-
ceive prompt chastisement."

"It has not seemed to us neces-
sary to say more, under the present
circumstances to indicate the char-
acter of this government. We are go-
ing to enter upon a regime of re-
strictions, after the example of Eng-
land, Italy and America admirable
in her ardor."

"We shall ask of each citizen that
he shall take his full part in the
common defense, that he give more
and consent to receive less. There is
abnegation in the army, so let
abnegation exist thruout the coun-
try."

Premier Clemenceau's peroration
was acclaimed by the whole chamber
with the exception of certain United
Socialists. Three deputies of the
right later withdrew their inter-
pellations on the scandals, which now
are being investigated.

BOLD FIREBUGS BUSY AT MOUNT STERLING

Make Second Attempt at Incen-
dianism Tuesday Night

Return to Scene of Destruction of
Previous Evening When Four
Fires Were Discovered—Thirty
Merchants Guard Places of Busi-
ness.

Mount Sterling, Ill., Nov. 20.—
Bold firebugs using blow torches,
made a second attempt at incen-
dianism here tonight, returning to
the scene of their destruction of Monday
night when four separate fires were
discovered about midnight. The at-
tempt Tuesday night was made on
a large grain elevator near the
Wabash railroad tracks. The discov-
ery was made by a night watchman
of a nearby mill who could see the
operation of the two men plainly
under the bright light of the torches
used. The entire city was aroused
Monday night by the attempts at
wholesale destruction and the com-
munity was again stirred tonight.
More than 30 merchants guarded
their places of business Monday
night after the four fires were dis-
covered late in the evening.

START ROUNDUP OF INDUSTRIAL WORKERS

KANSAS CITY, Nov. 20.—A round
up of industrial workers of the
World in the oil fields of Kansas is
to be made immediately Fred Rob-
ertson, district attorney for Kansas
announced late today. More than
fifty alleged I. W. W. were arrested
in the Butler county oil fields to-
day it was announced. The arrests
were made in the vicinity of Aug-
usta by state and federal agents, the
purpose being to rid the oil fields of
undesirables, federal officers say. A
tent alleged to have been used for
I. W. W. meetings at Augusta was
said to have contained a quantity of
literature of the organization which
the officers making the raid seized.

GENERAL STRIKE IN FINLAND WILL END

HELSINKI, Finland, Monday,
Nov. 19.—The general strike which
has been in progress in Finland for
several days will be ended to-
morrow.

A Socialist government of twelve
persons has been formed in an effort
to overcome the food shortage.

The Red Guard will remain under
arms until all the demands of the
workmen have been satisfied. Disar-
mament of the white guard by
workmen has resulted in a few clasp-
es, in which nine persons have lost
their lives.

LEONARD MATCHED WITH DELMONT.

St. Paul, Minn., Nov. 20.—Benny
Leonard, champion lightweight and
Gene Delmont of Memphis were sign-
ed today to box here Dec. 5. A third
of the net receipts are promised to
the Red Cross.

FAVOR EXTENDING FRANCHISE TO WOMEN.

London, Nov. 20.—The house of
commons today unanimously decided
to extend the municipal franchise to
women in same terms as they now
have the parliamentary franchise.

U. S. CASUALTY LIST

WASHINGTON, Nov. 20.—Gen-
eral Pershing reports the following
casualties:
Private Rex L. McKenny, engi-
neer; died November 17 of scarlet
fever; B. P. McKenny, father, Spring-
field, Maine.

Private Cecil A. Rowan, headquar-
ters company, infantry, died Novem-
ber 1st of gunshot wounds; next of
kin Aaron Rowan, Chanute, Kan.

GROW LARGE AMOUNT OF PRODUCE IN GOTHAM

New York, Nov. 20.—Back yards
and vacant yards in New York City,
cultivated principally by housewives
and children grew \$675,000 worth
of produce during the last summer,
it was announced today by Mayor
Mitchell committee on war gardens.
The report covers only the activities
under the direction of the committee
and it was explained that thousands
of other gardens were cultivated for
which no figures are available.

The committee reported that it
had knowledge of 1,035 acres of
land in plots and 11,881 small gar-
dens which were tilled as part of the
campaign to increase the nation's
food supply during the war.

A. F. OF L. REAFFIRMS UNSWERVING LOYALTY

Will Stand Behind Administra-
tion Until Peace Comes

Pacifist Element Remains Silent—
Course Pursued by Gompers in
Calling Conference of Officers Next
March is Approved.

Buffalo, N. Y., Nov. 20.—Without
a dissenting vote the American Fed-
eration of Labor today reaffirmed
its unswerving loyalty to the country
and a determination to stand behind
the national administration until
peace comes. The pacifist element
which yesterday mustered a small
minority against President Gompers'
attitude in support of the war was
silent.

The resolution containing the de-
claration was reported favorably by
the resolutions committee. It was
sweeping in scope.

The course pursued by President
Gompers in calling a conference of
the national and international offi-
cers of the federation at Washington
on March 12, was approved, and all
his subsequent actions and those of
the executive council with reference
to the war were concurred in.

The pacifists declared that they
were unaware that the resolution
was to come up today. They made
no move for a reconsideration, how-
ever, and it was pointed out that
while their fight yesterday was based
on a vote of confidence in Presi-
dent Gompers, today's resolution
called for a declaration on a clear
question of loyalty to the coun-
try.

MINTS TURNING OUT MANY NEW PENNIES

WASHINGTON, Nov. 20.—Reports
that the shortage of one-cent pieces
had caused clearing houses in sev-
eral eastern and middle western
cities to determine to issue paper
script to be circulated locally instead
of pennies, reached the treasury to-
day and were met by an immediate
effort to ship more small coins east-
ward from the Denver and San Fran-
cisco mints.

Five million one-cent pieces were
on their way to Chicago to relieve the
shortage in the middle west and the
movement of small coins will con-
tinue thru December to account hol-
iday shopping demands in eastern
cities. Within the six weeks ending
Nov. 15, 62,500,000 new pennies and
15,000,000 new nickels were put in-
to circulation by the treasury. The
persistent shortage of these coins,
even making allowances for the
heavy demand for one cent pieces
caused by war taxes, has caused of-
ficials to suspect that a number of
retail merchants are hoarding the
"change for the holiday rush."

GERMANS MUST LEAVE WASHINGTON

WASHINGTON, Nov. 20.—The po-
lice were instructed today to obtain
from each German leaving the cap-
ital full information concerning
where he expects to go and a report
will be made to authorities of the
locality to which he is destined. Ger-
mans also were ordered to report
immediately to the United States
marshal of the district of destina-
tion. Tomorrow is the last day tran-
sient Germans will be allowed to be
in the District of Columbia, also an
extension of time until December 15
has been allowed for those who were
living here since April 6th.

East St. Louis Journal: The Con-
gressional Investigating Committee
developed East St. Louis conditions
as such that, perhaps, the boys at the
camps and in the trenches will not
care to have their life there too
home-like.

It is the view of the State Council
of Defense that the school houses
of the state shall be used for patri-
otic purposes wherever and when-
ever possible. They are the prop-
erty of the public, and patriotic en-
deavor is now the most important
possible public business. Therefore
the public has a right to use its own
property to promote its own most
serious affair, namely the war.

SOFT CORN.

A plant has been put into opera-
tion in Cedar Rapids for the pur-
pose of drying soft corn. It is said
thirty-five car loads of soft corn can
be handled each day in the plant.
It might be worth while for our
farmers to investigate these plants.
There is a vast amount of soft corn
in this country.

PREACHERS AND EXEMPTION.

If the Sangamon county exemp-

tion board has the say so, the next
draft will start ministers of the
gospel to the trenches, same as if
preaching had no greater claim for
exemption than digging coal, or
working in a grocery store. The
same fate for divinity students. This
recommendation was made by the
board members in their recommenda-
tions to the war department in
Washington. This board also sug-
gests that the age limitation for the
next draft be increased to take in
all men between the ages of 21 and
35, instead of 21 to 31, as it is
now.

SMOKELESS DAYS.

We now have wheatless and meat-
less days, the output of candies has
been restricted and in some cities
even trappie drinks have been aban-
doned, all to conserve either sup-
plies or to economize in order that
our soldiers may enjoy greater com-
forts or that the money may be used
to buy liberty bonds. But did you
ever hear of a smokeless or tobacco-
less day? That seems to strike many
men as too great a sacrifice. The
money that vanishes in smoke in
this country each day would build
a battleship, would relieve thousands
of suffering people, it would—but
what's the use? The smokeless day
would be a real sacrifice on the part
of many men, and our condition is
as yet not desperate enough to ask
it—but if it were would the men
comply? Let the women and the
family pay the price. The men must
smoke, either here "or in the here-
after."

AN ILL-TIMED REFUSAL.

The attitude of the authorities of
the University of Chicago in refusing
to sanction a post season game be-
tween the football team of that
school and the University of Michi-
gan for the benefit of the Red Cross
will not set well with the American
people at this time.

However, it was not the refusal, so
much as the manner in which it was
given out that will cause ill feeling
toward the school. According to the
newspapers in refusing to sanction
the game the authorities were quoted
as saying, "We have never favored
such post season games. Why
should we do it now?"

If the powers that be at the big
Chicago school had only stopped to
give the matter thought there would
have come the realization that not
only individuals but schools, com-
munities, states and the nation are
doing things that were not thought
of a few months ago.

Conditions are extraordinary in
these days. Men and women are giv-
ing not only time but their fortunes
to aid the country in its fight to
preserve not only its traditions and
perhaps its very existence. So that
it would seem that the reason, if it
is true, that was given by the Uni-
versity of Chicago authorities is to say
the least ill timed.

INVISIBLE ARMIES.

Today Germany's invisible armies
are fighting in every belligerent and
neutral nation. These armies are
made up of the legions of spies which
have been recruited and trained for
years by the army, admiralty and
foreign office of that empire.

A Curtis Roth, formerly United
States vice consul at Laueh, Saxony,
contributes valuable information on
this dangerous insidious and hidden
arm of the German autocracy in the
current Saturday Evening Post. Here
is how the system is summed up by
a man who has acquired an auth-
oritative position by reason of his
accuracy, close observation and un-
doubted opportunities to acquire in-
formation:

"Scientific spying is a Prussian
product. It knows no ethics, owns
no friendships and enjoys no code
of honor. It delights to operate
through degenerates, international high-
binders and licentious women. It
shrinks before no meanness or black-
guardism to attain its ends, even
calculatedly conducting official houses
of prostitution for the entrapment of
the unwary. It is the most unlovely
fruit of the appalling latter-day Ger-
man logic of expediency. It is the

last word in efficiency—as efficient as
the German army—and almost all-
pervasive.

"Corruption and furtive destruc-
tion are the blind arms of the Ger-
many army, often more dangerous
than the visible army in the field.
The Russian armies fell before the
stealth of the German spy rather
than before the charge of the Pom-
eranian grenadier.

"The world is literally a-crawl to-
day with the spies of central Europe.
They are recruited from all nation-
alities, and are paid mostly accord-
ing to the value of each piece of
work. Some are working to earn
promised German commercial and
political support after the war; a
motley host are working upon the
inspirations of a long-time-cultured
patriotism; and a fanatic few are
actuated by desires for German so-
cial advantages and orders in the
gift of the emperor. Some of the
most highly placed and influential
of the foreigners in the ranks of the
German spy machine are those de-
sirous of winning promised German
political and commercial backing in
the days following the war. These
agents are playing for high stakes,
and there are many shrewd traitors
among them."

Rippling Rhymes

By WALT MASON

The Scolding Era.
I read the monthly magazines;
they tell me I'm a traitor foul, if I
don't cut out pork and beans, and
live on slaw and roasted owl. Per-
haps the magazines are right, per-
haps their counsel is sublime; they
have a noble goal in sight—but why
abuse me all the time? The gifted
speaker comes to speak in our town
hall, whose lights are dim, he says
I am a knave and a freak, if I don't
quite agree with him. He says I am
too base and mean to look my own
self in the eyes, because I'm burning
gasoline, when countless folks are
needing pies. He's doubtless right;
but why get sore and call me names
to beat the Dutch? For hungry folk
I'd do much more, if I were not
abused so much. We want your store
of hard-earned gold, to beat the
kaiser's wicked wives, and so we
want and chide and scold, instead of
wearing winning smiles. We wish
you to economize, and live on prunes
and salted hoes, and to encourage
us we rise, and tell you you're a
total loss. You hand out seven hard-
earned bones to help things out on
foreign shore; we roast you, in
strident tones, because you don't
give seven more. This scolding stunt
will have to stop if we would see
good feeling live; the termagant's
barbaric yawp won't make men strip
their rolls and give.

THE PURPLE CROSS BILL.
Local undertakers are interested
in the passage of the Purple Cross
bill which will be before congress
at the next session and are calling
attention of the public to the mean-
ing of the bill. Posters are to be
seen in local undertaking offices,
giving some facts about the move-
ment which is summarized in the
bill. It is stated that bodies of re-
covered soldiers must be scientific-
ally embalmed and permanently pre-
served if they are to be brought from
battle fields of Europe for interment
in this country. The licensed em-
balmers and undertakers of the coun-
try thru their association, are offer-
ing thru the government to place
their own representatives near the
trenches and where their services
will be immediately available in the
cases of death.

The undertakers propose to keep
these representatives in this service
at their own expense and believe that
in this way they can render a really
patriotic service which will be great-
ly appreciated by the relatives of
soldiers who sacrifice their lives in
the great war. Petitions to congress
to pass the bill can be found in the
offices of the local undertakers and
the public is invited to investigate
the proposition and lend support in
urging upon congress the passage of
the bill.

HAS POSITION IN CHICAGO.
Floyd Williamson, who began his
newspaper work about two years ago
on the news force of the Journal,
has for the past four months filled
a position on the staff of the Illinois
State Register with great acceptance.
Recently Sup't. Cowley of the Associ-
ated Press, who is looking for prom-
ising young men, heard of Mr.
Williamson's work and after some
investigation offered him a position
with the Associated Press in Chicago.
Mr. Williamson will enter upon his
new duties there in the course of ten
days. He has excellent chances for
advancement and will without doubt
make good.

LEARN'S OF SISTER'S DEATH
Mrs. Ella Murphy of Davenport
street has received the news of the
death of her sister, Mrs. Funt
Myers, of Virden. The deceased is
survived by her husband and one
daughter. Her name before her mar-
riage was Miss Della Lester and she
was for many years a resident of
Sangamon county. Jacksonville
people who knew the deceased will
learn of her death with sincere re-
gret.

FORMER I. W. C. TRUSTEE DEAD.
Rev. William Todd of Rockford,
who for a number of years served
as trustee of Illinois Woman's Col-
lege, died recently at the home of
his daughter in Chicago. News of
Mr. Todd's death was received by
President Barker yesterday. The de-
ceased was for a long period account-
ed a good friend of the institution.

EIGHT HUNDRED BOYS WILL BE VISITORS HERE

At Least That Number Sure to At-
tend Three Days Conference Be-
ginning Nov. 30th—Men of Great
Prominence on Program—Local
Committees are Named.

Plans are well under way for the
older boys' conference to be held in
this city three days beginning Fri-
day, Nov. 30, and continuing thru
Sunday, Dec. 2. Not a great deal
of publicity has been given to this
big meeting of boys but it can be
put down as a fact that at least 800
boys from all parts of the state will
be in attendance.

This will be the 5th annual meet-
ing of the kind held under the aus-
pices of the Illinois Young Men's
Christian association and the Illinois
Sunday School association. The con-
ference was held last year at Gales-
burg and the invitation to come to
Jacksonville was accepted in prefer-
ence to like invitations from eight
other cities. One of the social fea-
tures of the three days' program will
be the banquet to be given Saturday
and it has been found that there
is no hall large enough to seat 800
young men at tables. Consequently
the banquet will be divided between
two of the churches, 400 at each.

Boys going to Private Homes.
E. C. Wolcott of Chicago, who is
boys' secretary for the state Y. M. C. A., is executive secretary for the
State Sunday School association in
making preparations for this gather-
ing. He is now in the city for con-
ference with the local committees
and all the details of the arrange-
ments are being worked out rapidly.

The 800 boys will be quartered in
private homes, as this is a matter
of policy at each of the conferences.
Boys leave their homes with the de-
finite assurance to parents that they
will be in other homes during all
their absence, and thus there will
be at no time a cessation of the home
influence. One hundred and fifty
local boys will be registered to have
part in the conference and commit-
tees from the list of boys will be
chosen for the work of receiving the
train delegations, conducting them
to headquarters at Grace church and
then to the homes to which they are
assigned.

Speakers are Prominent Workers.
The conference speakers will be
men of national reputation. Rev.
Charles W. Gilkey, who will make
the address on the first night, is
pastor of the Hyde Park Baptist
church in Chicago, and was for years
boys work secretary of the Interna-
tional committee of the Y. M. C. A.
Rev. W. A. Waite, international Sun-
day school association secretary, was
formerly a boys' work secretary. J.
M. Artman is dean of boys' work in
the Y. M. C. A. college and is one
of the strongest leaders in this
branch of Christian effort that the
country knows. One of the speakers
is John Nuvreen, a well known Chi-
cago banker. Still another speaker
is F. A. Crosby, formerly state and
international Y. M. C. A. boys' work
secretary and now serving as metro-
politan boys' work secretary at Chi-
cago. F. B. Sherwood of Lake Villa
is also a leader of prominent and has
a gripping message.

Local Committees.
The general arrangements are in
charge of an executive committee in-
cluding Mayor H. J. Rodgers, repre-
senting the city; A. C. Metcalf, rep-
resenting the colleges; John J. Reeve
for the Chamber of Commerce; T.
M. Tomlinson for city Sunday school
superintendents; W. W. Theobald for the Min-
isterial association and J. S. Findley
for the Y. M. C. A.

The local committee chairmen in
charge of the arrangements follow:
Entertainment—A. C. Metcalf.
Finance—W. J. Brady.
Place of meeting—J. S. Findley.
Recreation—C. L. DePew.
Banquet—John J. Reeve.

"NASH SIX" Sells "Sight Unseen"

Dealers Book Orders from Buyers Who
Haven't Seen New Car

Imagine buying a \$1295 or \$1985 automobile—an en-
tirely new model—from a catalog without so much as
seeing a sample car!

Those who have spent week or months deliberating
over various makes before finally placing their order
would insist that it can't be done. Most salesmen would
also believe that such buyers don't exist nowadays.

Yet so confident are motor car buyers all over the
country as to the kind of a car that will be produced by
the Nash Motors Company that a sizable number of or-
ders were received at the Nash factory from enthusiastic
admirers who had never seen a Nash car.

Eight orders were booked in Memphis before a Nash
Six arrived in Tennessee. Four cars were sold in Battle
Creek before a single person in the Food City had seen a
Nash. As long ago as last August, six weeks before the
new car was officially announced, two Nash Six Sedans
were sold to individuals in Jacksonville, Fla., and Colum-
bia, S. C., "sight unseen."

Twenty-three dealers in one state bought Nash Sixes
without seeing them, and in virtually every state in the
Union Nash Sixes were sold to dealers and customers be-
fore the cars were seen. This is eloquent testimony of the
eagerness with which the Nash Six has been welcomed
both by motorists and the trade.

Virtually all Nash dealers are now supplied with sam-
ples of the new Nash Six in both the touring car and Sed-
an, so that it is not necessary for anyone to order without
first seeing one of the new cars.

A Chicago man was so anxious to make sure that he
would get one of the Nash Sedans before winter that he
made several trips to the factory at Kenosha to see what
progress was being made on his car.

All this interest in a car that had not seen service in
the hands of owners is a remarkable tribute to the ability
of the Nash organization to produce an automobile of
unusual value.

The dealer organization of Nash Motors Company is
fast being completed, and the factory executives are mak-
ing super-human efforts to build the new cars in quanti-
ties that will satisfy both dealer and customer demand.
Although only a comparatively few of the buyers who
placed their orders early are enjoying the privilege of
driving their own Nash Sixes, it will not be many months
before the Nash will be seen in abundance throughout
the country.

MRS. PARKER'S FUNERAL HELD AT WINCHESTER

Services Were in Charge of Rev. W. Gibson—News Notes From Scott County.

Winchester, Nov. 19.—Mr. and Mrs. George Stewart recently received news from their son, Allen Stewart, who is now at Camp Donovan, Ft. Sill, Okla. He has been assigned to the officers' training school camp in Ohio. Bluford McClure and family moved Tuesday to the property in the south part of town known as the Col. Knapp property. The dwelling has been remodeled and redecorated in the interior and is now a very pretty home. The names of Mr. and Mrs. David Hains further were omitted in Tuesday's Journal from the list of guests entertained by Hon. Andrew Russell at the Cheseldine house supper. Fritz Haskell, assisted by Miss Shirley Henderson, was kept busy Monday receiving contributions for the Army Y. M. C. A. fund. Judge Funk, chairman of the committee, was greatly pleased with the way the solicitors entered into the work. Misses Dorothy and Madeline Hains further will leave Wednesday for Natchez, Miss., to visit friends. A little daughter arrived Tuesday morning at the home of Mr. and Mrs. John Leib. Mr. and Mrs. Robert Mason left Tuesday for Manchester to be the guests of Mr. and Mrs. Robert Cooper. Arvy Smith has returned from Camp Zachary Taylor, having been discharged on account of disability. M. B. Edmondson arrived Tuesday from Clayton to visit relatives. Rev. W. S. Gibson and wife arrived from Greenfield Tuesday, called by the funeral of Mrs. R. H. Parker.

The funeral of Mrs. Ralph H. Parker was held Tuesday afternoon at 2 o'clock from the Presbyterian church. Rev. W. S. Gibson was in charge of the services. Music was furnished by Mrs. W. H. Kinson, Mrs. Earl Nelson, Miss Martha Higgins and G. W. Owen and Rev. Mr. Gibson. The beautiful flowers were in charge of Misses Anna Munze, Amelia Hieronymus, Shirley Henderson and Anna Kellum. The bearers were Earl Nelson, John Flynn, Guy Paul, Harold Birk, Ray Nelson and Claude Burrows, and interment was in Winchester cemetery. Deceased is survived by her husband and little son, her mother, Mrs. Catherine Myers; one sister, Mrs. Catherine O'Callahan of Omaha, Neb.; one brother, Oscar Myers, Beaufort, Mo., and two half brothers, August Miller of McCook, Neb., and Edward Miller of Talmadge, Neb.

ARMY Y. M. C. A. NOTES
As previously mentioned, the Y. M. C. A. headquarters on the west side of the square will be maintained for a number of days. Persons who wish to pay subscriptions may call there. Over 1,000 subscriptions have been recorded, so it is evident that Auditor R. A. Gates and his assistants have a hard task in seeing that all subscriptions are properly listed. Acknowledgement will be made from the state headquarters of all subscriptions of \$5 and over. The local committee feels that publication in local papers of subscriptions will be sufficient acknowledgement here and that it will be well to save the expense that would be occasioned thru the mails. A number of subscriptions from county precincts came in Tuesday and it is believed that final reports from Meredosia and Centerville will show the minimum allotments reached.

RULE ON TURKEYS
An order has been sent out by the government to all persons buying poultry that turkeys sold must be beyond certain weights, eight pounds being the minimum for hens and twelve for toms. All persons having Thanksgiving birds to sell will do well to take notice.

A smooth-tongued schemer came along and showed him how he could make "big money." He put in his pile and LOST it.

Just plain common sense should have told him if that project was so good, the schemer would have kept it for himself. Or, he should have consulted his BANKER, who knows about these things. Then he wouldn't have lost his money.

We shall gladly advise you on any investment you are thinking of making.

MUCH CURRENCY IN CIRCULATION

Consists Largely of National Bank and Federal Reserve Notes Issued During Past Year.

Washington, Nov. 20.—Rapid rise in the amount of currency in circulation was shown in a report by Comptroller of the currency Williams that two thirds of the outstanding currency consists of national bank and federal reserve notes issued during the year ending Oct. 31st.

Of the \$1,949,000 currency in the United States on that date \$1,301,000,000 consisted of those two classes of notes issued within the year by the comptroller. The larger proportion, or \$976,000,000 was federal reserve notes and \$325,000,000 was in National Bank notes.

The total of both kinds of notes outstanding was \$1,644,000,000. Mr. Williams explained that "the large increase, \$689,746,000 during the year in the amount of federal reserve notes outstanding is due mainly to the issuance of federal reserve notes against the deposit of gold or gold certificates with the federal reserve agents, the amount of gold and gold certificates so held on October 31, 1917, being approximately \$600,000,000."

During the year the comptroller's office redeemed and destroyed \$164,000,000 of currency.

REORGANIZATION PLANNED.

Chicago, Nov. 20.—Re-organization of the National Colonization society of the Catholic church, with Archbishop Sebastian G. Messmer, of Milwaukee, Wis., as director general was announced here today. The purpose of the society is to rescue the immigrant from the cities, and establish him on the soil. The organization which has no capital and makes no profits and neither buys nor sells land, is to safeguard and assist in every manner members of the church who desire to resume agricultural pursuits.

St. Louis, Mo., Nov. 20.—Oliver Wilson of Peoria, Ill., today was re-elected president of the National Grange Patrons of Husbandry. He already has served three terms of two years each.

ARMY Y. M. C. A. MEETING HELD AT MERRITT

Address Delivered by Rev. Casely of Winchester—Norman Campbell Appointed Chairman in Charge of the Work—Other Items from Merritt and Vicinity.

Merritt, Nov. 20.—The Y. M. C. A. meeting held in the Woodman hall was not very largely attended. Rev. Casely of Winchester delivered a very interesting address in behalf of the Y. M. C. A. work. Norman Campbell was appointed chairman to look after the work in Merritt precinct. A thorough canvass of the precinct will be made within the next few days and reported in this paper.

PIKE COUNTY MAKES

GOOD "Y" SHOWING

A telephone message from C. E. Pettit of the Pike county army Y. M. C. A. fund committee yesterday brought the cheering news to J. S. Findley that Pike county has \$2,500 more for the fund. This money brings Pike county's subscriptions well above the minimum allotment for the county and attests the generosity of citizens there.

ROBBERS MAKE HAUL.

Cleveland, O., Nov. 20.—Hurling red pepper into the eyes of the factory superintendent guarding the payroll, three armed bandits this evening held up two pay clerks at the Vandern Iron Works company and escaped in an automobile with between \$9,000 and \$10,000.

NO STRIKE LIKELY

Washington, Nov. 20.—Concessions made by both the railroads and the heads of the four brotherhoods, as a result of the present wage issue, is taken by officials as complete assurance that America's warfare against Germany will go forward to the end, unhampered by the possibilities of transportation tie ups over wage difficulties.

The offer of the roads to place their interests in the hands of the president for such decision as he may deem necessary and of the brotherhoods to mediate any questions of wages, it was pointed out today at the office of the board of mediation and conciliation, have not been limited as to time. They will be effective until peace is won.

The Prize Winners

The parties registering the date of purchase of the Oldest ESTATE OAK HEATER in continual use were:

Mrs. Wm. Graubner, 316 Franklin St., 28 years old—First Prize \$2.50.

Mrs. W. A. Davidson, R. F. D. No. 2, 25 years old—Second Prize \$1.50.

Mrs. C. C. Munis, N. Main St., 25 years old—Third Prize \$1.00

We received many other dates of old stoves in use and the usual expression was that they were as good as new and had been in continuous use without any repairs. Isn't this a splendid record for the Estate Oak Heater, "The Stove that Stays in the Family."

If you are interested in a heater that is a heater and a fire keeper, and a stove that will do you good service for a generation or more, isn't an Estate Oak good enough for you? We have a record of all of these stoves and many others with written testimonials of many of them and you are at liberty to call any of these friends up and hear what they say themselves.

We will gladly furnish you the names and addresses. We are sorry that each one of our friends did not get a prize but we take this opportunity of thanking each one who assisted in making this Estate Oak contest such a success.

We also desire to thank Mr. S. W. Babb and Mr. Phillip Henneghan for their services as judges.

**Cold Settled
In His Back**

"Foley Kidney Pills always give me prompt relief."—Ed Veltun, Rogers, Neb.

Ed Veltun, of Rogers, Neb., writes: "I have used Foley Kidney Pills for backache, the result of catching cold which settled in my back. Foley Kidney Pills always give me prompt relief and I can cheerfully recommend them."

The reason Foley Kidney Pills act so satisfactorily is because they neutralize and dissolve the poisonous waste matter that remains in the blood because the kidneys do not do their work properly in filtering and casting out from the system uric acid and other poisons.

Relief usually follows in a few days and such symptoms as pain in the sides or back, stiff joints, sore muscles, rheumatism, too frequent action of the bladder at night, and other painful and annoying ailments disappear. Foley Kidney Pills contain no harmful ingredients. They are safe as well as quick acting.

Sensible Reasoning

The Prestige and Name of the Larger Store
Enables Them to Get More Profit

Nowhere is the fact that the smaller store offers more for the money more evident than in the cities. City people know that the bargains are in the small shops and the wise ones trade there.

Only a week ago a resident of Chicago said: "We Chicagoans hunt bargains away from the big State Street stores. It is the country shopper that furnishes the great part of the business of the big stores."

You will find this true right here in Jacksonville. Maybe not so great a difference, but enough to be worth your while to visit the smaller stores.

We offer you in many lines prices that we ask you to compare with those of our larger competitors.

When you pay cash you are entitled to a discount. We always give three per cent cash discount with each cash sale—S. & G. Green Stamps.

A GOOD RECORD

Charles Pires, a valued member of the force in the C. P. & St. L. blacksmith shops of this city, has taken the civil service examination and made 99.2, about as nearly perfect as could be. Mr. Pires has had one opportunity to enter the service but hesitated to do so owing to the illness of Mr. Saner, the foreman of the shops. This fine examination will put him well up in the ranks when he sees fit to tender his mechanical services to the government and he is fully patriotic and ready to go when duty calls, but at present he feels he is serving his country in his present position.

Miss Allene Austin spent the week end with her sister, Mrs. Albert Alderson of Waverly vicinity.

TWO FIRE ALARMS

The fire department responded to two alarms Tuesday. The first was at 8:15 o'clock Tuesday morning from the residence of Herbert Henderson, 1000 Grove street. Sparks from a chimney had set fire to the roof. But little damage was done, the blaze being extinguished with the chemical. The property is owned by Mrs. E. P. Cleary.

About 3:45 o'clock Tuesday afternoon an alarm was turned in from West Chambers street where a small patch of corn was on fire. It was thought that some school children set the grass on fire outside the fence and it burned into the field. Neighbors fought the flames until the arrival of the department when they were extinguished without much damage. Owing to the dry weather the blaze might have ended in a disastrous conflagration but for the timely work of residents in the vicinity.

THIS season it should make a big difference to you who makes the clothes you wear; especially if the maker is willing to tell you what he makes them of, and how.

That's one thing we like about Hart Schaffner & Marx clothes; they are made of strictly all wool fabrics and the makers seem to want everybody to know it.

We like to see clothes that our customers can be positive about; goods that you don't have to take anybody's word for; clothes you know are good. It's easy to sell such clothes and they are a satisfaction to everybody.

POULTRY SHOW TO BE HELD THE COMING WEEK

Eighth Annual Show of the County Association Starts Nov. 26th—Exhibit will be held in Zahn's Garage Entries Close Saturday Night.

The officers of the Morgan County Poultry association are busily engaged at the present time in getting things in order for the coming exhibit of poultry which will be held in Zahn's garage starting Monday, Nov. 26th.

The premium list is now in the hands of the exhibitors and breeders of these same exhibitors and breeders are busy at the present time in putting their birds in condition to win a ribbon. No matter if the ribbon

is first, second, third or fourth, it will show that the bird had some class to win it as the Jacksonville show is known over the entire state to be one of quality.

Mr. Weber, the secretary, advises that the demand for premium lists from out of town breeders has been larger than ever before and if the exhibitors come that have promised the show will be the largest ever held in the county. It looks as if there will be good strong competition in all classes and visitors will have the pleasure of seeing more birds of quality than ever before.

The cash premiums offered are a little better than ever offered before and the exhibitor with a good string of winning birds will realize a neat little sum of money.

The catalog and premium list is a neat little affair of twenty pages and cover. It gives a complete list of the prizes offered and a classified directory of all members with the varieties of chickens they breed. The catalog committee is Mrs. John W. Clary, Mrs. Jas. C. Weber, C. P. Ross, D. T. Heimlich, Geo. W. Hamilton and Jas. C. Weber.

D. T. Heimlich will judge the exhibit. The work of Mr. Heimlich has always been satisfactory to all concerned and it is for this reason that he will in the future judge all exhibits of the local association.

In the Zahn garage the association has one of the best places in the city for holding the exhibit. It is a large room with plenty of light and steam heat, making it comfortable for all exhibitors and visitors.

The cash premiums and specials offered are as follows:

Hon. Andrew Russell Gold Specials.
Hon. Andrew Russell of Jacksonville, Illinois, and a public accountants, state of Illinois, offers \$15 in gold as follows: \$5.00 to the highest scoring pen of white birds in the show; \$5.00 to the highest scoring pen of solid colored birds (whites not included); \$5.00 to the highest scoring pen of part colored birds. FIGHT FOR YOUR LIFE

Duty Demands Robust Health

Fight to get it and keep it

Fight—fight day in and day out to prevent being overtaken by illness and ails. Keep wrinkles from marring the cheek and the body from losing its youthful appearance and buoyancy. Fight when ill-health is coming with its pallor and pains, defects and declining powers. Fight to stay its course and drive it off.

But fight intelligently. Don't fight without weapons that can win the day for without the intelligent use of effective weapons the pallor spreads and weakness grows and a seemingly strong man or woman oftentimes becomes a prey to ill after all.

You will not find this class of persons in the hyperrin ranks. No un-healthy, dull, draggy, droopy persons in that line. It is a hale, hearty, robust aggregation of quick-steppers who view life in a joyous frame of mind and are mentally and physically equal to any emergency. Hyperrin stands for sound body and sound mind—it is the invigorating tonic of the times—powerful and unsurpassed as a health restorer, vitalizer and health preserver. Fight to hold the vigor of a sound body with hyperrin or to stay the process of decay and restore health and strength—you win. This tonic of amazing, wonder-working properties has been approved by physicians as a restorer and safeguard of health. It is a thoroughly scientific preparation of the very elements necessary to tone up the stomach and nerves, to build strong, vital tissue, make pure blood, firm flesh and solid, active, tireless muscles.

Hyperrin contains those mighty strength-producing agents, leithin-and-iron peptonate, in a form best adapted to benefit the body and its organs. Its ingredients are absolutely necessary to the blood in nine cases out of ten in run-down condition, sallow, pale complexions that all in feeling and frail bodies are due to lack of leithin-and-iron peptonate in the system.

Your mental and physical strength and endurance depends upon a leithin-and-iron peptonate laden blood; steady, dependable nerves and a healthy stomach. With these you can meet life at any angle.

This wonder tonic, hyperrin, which is as perfect as science can get to nature, meets every essential demand of the human organism. It is safe and sure and a tonic to run-down, worn-out men and women. Hyperrin means nature's own way of bringing color to the cheeks, strength to the body and keeping the vigor and buoyancy of youth. The powder and paint way of effecting beauty is not an equal footing to have and put life into your body and mind that inspires the confidence that you confront the world on an equal footing with anyone.

Hyperrin may be had at your druggist or direct from us for \$1.00 per package. It is well worth the price. The best and Remedies Co., Cincinnati, Ohio.

Twenty-first district offers a handsome silver trophy cup for the largest and best display of any one variety.

TO DEVELOP RESOURCES AS RESULT OF WAR

Measure Pending in Senate Will Cut Red Tape in Making Available the Mineral Wealth of Public Lands—Will Also Relieve Coal Situation.

Washington, Nov. 20.—(Special correspondence)—One of the beneficial results of the war will be the greatly stimulated development of our natural resources, especially those in the public domain. Protective legislation that Congress has enacted from time to time, and legislation that has arisen in the application of the land laws have caused needless delay in making available the immense mineral wealth contained on public lands. A measure that is intended to cut the red tape in such matters, and greatly increase the production of coal, oil, etc., is now pending on the Calendar of the Senate, ready to be taken up for action when Congress meets on December 3rd. It is a non-partisan measure, and it is understood to have received the approval of all member of the Committee on Public Lands from which it was reported.

Supply Much Reduced.

It may not be generally realized that, in spite of the hugely increased demand on account of the war, the production of gasoline and other oils was 9,200,000 barrels less this year than in 1916. One of the contributing causes of the decrease has been the long-continued suits in connection with what is known as Naval Oil Reserve No. 2, situated in California. That reserve comprises about 30,000 acres of oil land that were withdrawn from entry by President Taft, and disputes have arisen involving the title of the Government and that of many prospectors who were working their claims on the reserve at the time the withdrawal was made. The land is estimated to contain 300,000,000 barrels of oil, which has, up to the present time scarcely been touched. Under the pending bill a method is provided whereby the Secretary of the Interior can settle the litigation, and make the immense reservoir of oil immediately available for the public use.

The bill also is aimed to relieve the coal situation, by making it possible for any association or corporation to enter upon 2,500 acres of reserved coal lands of the government upon the payment of a fee of from \$10 to \$20 an acre, depending upon the distance of the claim from a railroad. The good faith of the claimant must be shown by the expenditure of at least \$10,000 within a year on development work, whereupon a patent will be granted for the tract. At the present moment the government is proprietor of over 44,000,000 acres of land known to contain coal, and the committee urges that the development of that huge area by several thousand independent coal operators will greatly relieve the present shortage. Not only will the supply be increased, but, as the public coal lands are located in fourteen different states, the transportation problem will be relieved also by the larger local production.

Deposits of sodium, potash and phosphate on the public domain are to be thrown open by the provisions of the bill in much the same way as the coal lands, and enormously increased productions of those minerals, so necessary to the farmers of the country, are anticipated when the bill becomes a law.

Passage of Relief Measure Expected.
Similar measures have passed the house of representatives twice, and the senate once, in previous congresses, but heretofore they have always failed of final enactment because of emphatically differing views of senators and representatives regarding the merits of the oil question in naval reserve No. 2. In face of the fact that the successful conduct of the war is absolutely dependent on an immediately increased production of oil a compromise understanding has been reached, and the early passage of the measure is anticipated.

U. S. SOLDIERS SEE SIGHTS OF LONDON

Men in Khaki Uniform are Familiar Figures in London Streets—Chicago Suggests Cabaret in Restaurants.

London, Nov. 21.—The khaki-clad soldier from the land of the Stars and Stripes has become quite a familiar figure in the London streets. He is, in his own eloquent slang, a "rubber-neck," and nothing worth seeing is apt to escape his notice. Usually in squads of half a dozen or so, the American soldiers are to be seen daily wandering over every section of the metropolis. Many sights and features of the big city draw forth favorable comment from Uncle Sam's boys, while other things they see are likely to meet with good-humored ridicule.

The absence of "skyscrapers" in the world's largest city is one of the things that strikes the soldier from across the water with surprise.

"Say, stranger," one of them was heard to remark, "this little old town of yours is fine and dandy. But I'm awful lonesome for a real building."

But there are two things that have made a decided "hit" with the soldiers from the U. S. A. These are the English style and the London theaters. There's no doubt that the visitors are getting on well with the English girls. And it is equally true that the girls have developed a strong fascination for the Americans. The American man "has a real way with him" where the girls are concerned.

Some Seek Historic Spots.

However, entertainment and pleasure are not taking up all of the time of the American soldiers in Westminster Abbey or St. Paul's Cathedral in Fleet Street and Lincoln's Inn Fields in almost any old, for-

getting little nook of London that carries historical interest, an absorbed American soldier is to be seen nowadays, taking notes, so that he may write an interesting letter to the folks at home.

The American soldier can be frank in his praise, but he can be equally frank in his criticism where he considers criticism is due.

"You need waking up a bit in England," said a breezy young Chicagoan. "Why don't you have a cabaret in every one of your restaurants, so that your young folks can have a good time along with the 'cats,' and dance, and enjoy themselves more? If I'd my way, I'd have a space for dancing in every eating place and tea room in this old city. It would keep a lot of people out of public-houses, believe me. It would bring the young folks together; it would give them healthy exercise. You ought to get a hustle on, and start something."

There's one point about the fighter from across the seas, be he soldier or sailor, that strikes the Englishman immediately. It is his optimism; his perpetual cheerfulness.

The air raids have been a matter of great interest to the newcomers. It has been rather difficult to persuade them to take cover during the raids. Many of them have stood boldly out on doorsteps, gazing skywards, regardless of shrapnel and high explosives. "The show's too good to miss," they invariably declare when urged to seek shelter during the raids.

One of the cheeriest spots in sombre London these days is the Y. M. C. A. Hut at the Aldwych. This is the favorite rendezvous of the American soldiers. Nearly all of the attendants are Americans, so that the soldiers don't feel so very far from home, after all.

HIS 98TH BIRTHDAY

The venerable Thomas S. Williamson of Virginia recently celebrated his 98th birthday and is yet in good possession of his mental and most of his physical faculties. A. B. Williamson of this city went over to help celebrate the event. Mr. Williamson is a brother of the late Joseph B. Williamson and Mrs. Sarah Shreve of this city and is indeed a wonderful man.

See Difference In Wrinkles Overnight

"How to Transform Faces Involves Secrets Few People Know About," Says Valeska Suratt, the Movie Favorite.

BY VALESKA SURATT

WITH a few cents in money, and a few minutes of trouble, any woman may bring about a very remarkable change in her personal appearance. I know of many cases where a remarkable transformation occurred literally overnight. Any woman can try this simple wrinkle formula, making up at home herself. Besides, it is more economical than any of the creams you can buy at the stores. Get from your druggist two ounces of opal for about fifty cents, and mix it with two tablespoonsful of glycerine in half a pint of water. This cream should be used liberally—much depends on that, and it should be used every day. It is exceedingly effective on crow's feet, sagging flesh and deep lines in the face.

DESIROUS—Inside of a week you should notice a decided difference in the length of your hair, and an unusual glossiness and vigor by using my formula, as follows: Mix one ounce of beta-guinol with one pint of bay rum or else a half pint of each of water and alcohol if preferred. It is not oily. Rub into the hair every night with the fingers. I can assure you of splendid results. I was it is true—I am known as the only woman on the American stage who does not need to use hair make-up of any kind. I am particularly proud of the wealth and condition of my hair, and I know any woman can obtain the same result if she will merely make up her mind to do it, and do it. You will have no occasion for complaining about the mass of hair coming out on your comb, of poor, sick hair and thin spots. Use this formula and you will very quickly see the enormous difference.

MRS. R. B. T.—A face powder more "mighty" than a puff ball and invisible, this is the extraordinary face powder that has been produced after my own formula to do away with all chinkiness. It exfoliates any imported powder, yet it is sold for only fifty cents in a tin, white or brunette. At any drug store is called "Valeska Suratt Face Powder." Try it.

MRS. M. M.—A teaspoonful of egg yolk in half a cup of water makes the most unusual, delightful and thorough shampoo and head-wash you can get. All fatty accumulations on the scalp dissolve away immediately, and it helps hair to grow.

ELIZABETH—Be sure to try this for best development of the face. It is very effective in many cases, though usually in every instance cannot be insured. Take two tablespoonsful after meals and at bedtime of a mixture of two ounces of ruetone and half a cup of sugar in a pint of water. The ruetone can be obtained at any drug store.

BADLY—You will never realize how marvelously easy it is to remove superfluous hair, but you must use the hair with a little auto solution, and see how they just crinkle up and dissolve away almost to the roots. It is just as though you were to apply a delightful face cream to the skin and then wipe it off—no danger, no spotting, with skin left clear and smooth. It is really the only way. The auto solution at any drug store will cost one dollar, and is certainly worth a great deal more.

MRS. B. P. C.—It is rarely you find a drug store that hasn't the aniline for the complexion or the balm for the hair, but if it should happen again that you can't get it, send the price, which is fifty cents for either of them, to my secretary, "Secretary to Valeska Suratt, Thompson Building, Chicago," and it will be sent to you by mail at once.

PEPPERY—I told one of my friends the other day she could get rid of those blackheads in five minutes. She could hardly believe it. But at my suggestion she obtained the powdered nuxated iron from her druggist for fifty cents, sprinkled some on a wet cloth and rubbed the blackheads with it. They all vanished. You can do the same.

TRYING—To see how this formula drives away all skin blemishes is certainly wonderful. You will be able to make your complexion remarkably clear in a very, very short while by using it every day without fail. It is delightful, too. Get from your druggist one ounce of aniline, and simply mix with two tablespoonsful of glycerine and a pint of water. You can get the aniline at any drug store.

Doctor Says Crying Need Of The Woman Of Today Is More Iron In Her Blood

TO PUT STRENGTH IN HER NERVES AND COLOR IN HER CHEEKS

Any Woman Who Tires Easily, is Nervous or Irritable, or Looks Pale, Haggard and Worn Should Have Her Blood Examined for Iron Deficiency.

Administration of Nuxated Iron in Clinical Tests Gives Most Astonishing Youthful Strength and Makes Women Look Years Younger

"There can be no healthy, beautiful, rosy cheeked women without iron," says Dr. Ferdinand King, a New York physician and medical author. "In my recent talks to physicians on the grave and serious consequences of iron deficiency in the blood of American women, I have strongly emphasized the fact that doctors should prescribe more organic iron—for their nervous, run-down, weak, haggard looking women patients. Pale means anemia. The skin of the anaemic woman is pale, the flesh flabby, the muscles lack tone, the brain fags and the memory fails, and often they become weak, nervous, irritable, despondent and melancholy. When the iron goes from the blood of women, the roses go from their cheeks."

"In the most common foods of America, the starches, sugars, table syrups, candies, polished rice, white bread, soda crackers, biscuits, macaroni, spaghetti, tapioca, sago, farina, degenerated cornmeal, no longer is iron to be found. Refining processes have removed the iron of Mother Earth from these impoverished foods, and silly methods of home cookery, by throwing down the waste pipe the water in which our vegetables are cooked are responsible for another grave iron loss."

"Therefore, if you wish to preserve your youthful vim and vigor to a ripe old age, you must supply the iron deficiency in your food by using some form of organic iron, just as you would use salt when your food has not enough salt."

"As I have said a hundred times over, organic iron is the greatest of all strength builders. If people would only take Nuxated Iron when they feel weak or run-down, instead of dosing themselves with habit-forming drugs, stimulants and alcoholic beverages I am convinced that in this way they could ward off disease, preventing it becoming organic in thousands of cases and thereby the lives of thousands might be saved who now die every year from pneumonia, gripe, kidney, liver, heart trouble and other dangerous maladies. The real and true cause which started their disease was nothing more nor less than a weakened condition brought on by lack of iron in the blood."

on account of the peculiar nature of woman, and the great drain placed upon her system at certain periods, she requires iron much more than man to help make up for the loss.

any good, otherwise it may prove worse than useless. I have used Nuxated Iron widely in my own practice in most severe aggravated conditions with unfailing results. I have induced many other physicians to give it a trial all of whom have given me most surprising reports in regard to its great power as a health and strength builder.

Many an athlete and prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray; while many another has gone down in inglorious defeat simply for the lack of iron."

Dr. Schuyler C. Jaques, visiting surgeon of St. Elizabeth's Hospital, New York City said, "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant ill—physical weakness, nervous, irritability, melancholy, indigestion, flabby, sagging muscles, etc., etc., and in consequence of their weakened run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

NOTE—Nuxated Iron which is prescribed and recommended above by physicians in such a great variety of cases, is not a patent medicine or secret remedy, but one which is well known to druggists and whose iron constituents are widely prescribed by eminent physicians both in Europe and America. Unlike the other organic iron products it is easily assimilated, does not injure the teeth, make them black, nor upset the stomach, on the contrary, it is a most potent remedy in nearly all forms of indigestion as well as for nervous, run-down conditions. The manufacturers have such great confidence in nuxated iron, that they offer to forfeit \$100.00 to any charitable institution if they cannot take any man or woman under 60 who lacks iron, and increase their strength 100 per cent. in four weeks' time, provided they have no serious organic trouble. They also offer to refund your money if it does not at least double your strength and endurance in ten days' time. It is dispensed in this city by all good druggists—Gilbert's Pharmacy, J. A. Obermeyer & Son, Lulu-Davis Drug Co., and Armstrong Drug Stores.

use of metallic iron, may injure the teeth, corrode the stomach and do far more harm than good; advises use of only nuxated iron.

lowing test: See how long you can work or how far you can walk without becoming tired. Next take two five-grain tablets of ordinary nuxated iron three times per day after meals for two weeks. Then test your strength again, and see how much you have gained. I have seen dozens of nervous, run-down people who were ailing all the while double their strength and endurance and entirely rid themselves of all symptoms of dyspepsia, liver and other troubles, in from ten to fourteen days' time simply by taking iron in the proper form. And this, after they had in some cases been doctoring for months without obtaining any benefit. But don't take the old forms of reduced iron, iron acetate, or tincture of iron simply to save a few cents. The iron demanded by Mother Nature for the red coloring matter in the blood of her children, is alas! not that kind of iron. You must take iron in a form that can be easily absorbed and assimilated to do you

any good, otherwise it may prove worse than useless. I have used Nuxated Iron widely in my own practice in most severe aggravated conditions with unfailing results. I have induced many other physicians to give it a trial all of whom have given me most surprising reports in regard to its great power as a health and strength builder.

Many an athlete and prize fighter has won the day simply because he knew the secret of great strength and endurance and filled his blood with iron before he went into the fray; while many another has gone down in inglorious defeat simply for the lack of iron."

Dr. Schuyler C. Jaques, visiting surgeon of St. Elizabeth's Hospital, New York City said, "I have never before given out any medical information or advice for publication as I ordinarily do not believe in it. But so many American women suffer from iron deficiency with its attendant ill—physical weakness, nervous, irritability, melancholy, indigestion, flabby, sagging muscles, etc., etc., and in consequence of their weakened run-down condition they are so liable to contract serious and even fatal diseases that I deem it my duty to advise such to take Nuxated Iron. I have taken it myself and given it to my patients with most surprising and satisfactory results. And those who wish quickly to increase their strength, power and endurance will find it a most remarkable and wonderfully effective remedy."

DANISH WOMAN REGAINS HEALTH

Tells Everybody What Lydia E. Pinkham's Vegetable Compound did for Her.

Chicago, Ill.—"It gives me great pleasure to let others know that I improved in health with the first bottle of Lydia E. Pinkham's Vegetable Compound; after taking two bottles I am entirely well. Before taking it I could not do any kind of work without a pain in my back as I suffered so much from inflammation. I had headaches, was always tired and no appetite. I cannot express my gratitude for the good your medicine has done me, and through me to my family. I recommend Lydia E. Pinkham's Vegetable Compound to all women suffering from female troubles, particularly to Danish women."—Mrs. META DAMGAARD-MATZAN, 2137 Kimball Ave., Chicago, Ill.

It is positively true that Lydia E. Pinkham's Vegetable Compound has helped thousands of women who have been troubled with displacements, inflammation, ulceration, tumors, irregularities, periodic pains, backache, that bearing down feeling, indigestion, and nervous prostration.

"Who Will Win This Battle?"

Much of your comfort depends upon knowing that your system will perform its functions properly. Your kidneys are the filters of the body. If they become inactive and fail to eliminate the waste matter, they are apt to throw the whole mechanism of the body out of order, thus toxic poisons can accumulate in the system and be as deadly as snake venom.

Besides causing the minor ailments of rheumatism, sciatica, lumbago and backaches, neglect of the kidneys is apt to develop into more serious diseases, such as diabetes or stone in the bladder.

Rid the body of toxic poisons—clean the bladder and kidneys and cure the twinges of rheumatism with Anuric, and you win the battle of life.

Anuric was first discovered by Dr. Pierce, and has benefited thousands of sufferers as well as appeased and eliminated the ravages of the more serious kidney diseases. Now procurable at drug stores, or send Dr. V. M. Pierce, Buffalo, N. Y., 10 cents for trial package.

If you have rheumatism or kidney trouble, why not let Dr. Pierce's Anuric (double strength) win the battle?

Chicago, Ill.—"Just a few lines in regard to Doctor Pierce's Anuric Tablets which I took for kidney trouble. I am glad to recommend them to everybody. I know that they are good for I would not recommend them. After taking a few bottles I saw that the swelling was going down so I continued their use. I have quit taking them now and am cured—getting along fine and dandy."—One old lady, 65 years old, to whom I have recommended Anuric says that it did her good, took the swelling out of her feet."—Helen Jones, 623 S. Seelye Ave.

J. P. JOHNSON HERE ON FURLOUGH

Granted Ten Days' Leave of Absence on Account of Illness of Wife—Talks Interestingly of Camp Life—Has Words of Praise for Army Y. M. C. A.—Says Men Are Well Treated and Are Cheerful and Patriotic.

J. P. Johnson, the proprietor of the Douglas hotel, arrived home yesterday on a ten days' furlough, called here by the illness of his wife. The gentleman looks a thorough soldier, his uniform and bearing being that of one long in the service. He is especially detailed as bookkeeper in the quartermasters' department and has duties keeping him from 8 to 5 every day and until noon Sunday. Mr. Johnson gives a good account of things generally in Camp Taylor and the condition of the men. He says the worst difficulty they have at present is that the cooks are not thoroughly competent for their work, in cooking for such a large number of men, and the food they get is not always as well prepared as it might be, although the men do the best they can and the government supplies an abundance of good material, and the gentleman's looks indicate that he has been pretty well fed since leaving here.

Time of Departure Guess Work. Regarding the length of their stay at camp it is difficult to say. There are at present about 30,000 men in camp, and in his immediate department it is probable that they will move the single men first, although that matter is principally guess work. The Morgan county boys are well and doing all right, so far as he knows, as the position Mr. Johnson is in forbids him seeing very much of them. Atkinson and Cicero are meal orderlies, Briggs is in the fire department, March is a room orderly, Longman is driving mules and several others are in the wagon department. The boys are anxiously anticipating Thanksgiving, when turkey has been promised them, and 30,000 pounds are expected.

Praises Army Y. M. C. A. Like everyone else, Mr. Johnson has only praise for the Army Y. M. C. A., and reiterates all the good things that have been said about the work done by the organization. The homelike treatment, the entertainment, the stationery and everything that they do for the welfare of the men is fully appreciated. He says another thing is gratifying and that is that very generally the officers are a fine class of men, not snobbish or martinet, but at the same time attend strictly to duty. The feeling between the men and officers is generally quite good and the morale is excellent. The camp is guarded most scrupulously. Mr. Johnson says that not even a burnt match or a cigar or cigarette stump is permitted on the ground anywhere in the camp, and if a man is caught dropping one he is brought up for it.

The day of the regular infantry begins with reveille at 5:30 in the morning, when they first go thru their calisthenic exercises. Then breakfast comes, then a ten mile hike carrying guns, and their load will be gradually increased until they carry the regular equipment. Returning they have a lecture and an hour of squad drill and an hour of company or platoon drill. In the afternoon they have trench drill and bayonet practice, when they charge on the dummies and go thru the regular work of men at the front. From that time on they are at leisure and may have opportunity to visit the city by permission, or roam about the camp.

Moral Conditions Good.

It is noticeable, as was true during the civil war, that boys from the cities and towns fall into the military life easier than boys from the country do. They learn the drill quicker and bear themselves in a more soldierly manner. Retreat is sounded at 5:30 o'clock and then comes supper. A 9 lights must go out and at 10 everyone must retire. The men may have permission to go to town for an evening but not two evenings in succession. Wednesday and Saturday afternoons and Sundays are holidays.

Mr. Johnson says that when the camp was first occupied there were men stationed there who have since been sent far away and who gave the camp a very bad name, which it now does not deserve. He says the city of 400,000 inhabitants is rigidly policed and the morals good. He says he has not seen a drunk man since he has been in camp. The low dives and cheap boarding house sections of Louisville have been closed or are rigidly policed and everything done to guard the morals of the men. In addition the people of Louisville are kind to the men. They have a large club house with three stories which helps the men to enjoy life and is well cared for. Many invite the boys to Sunday dinner and in various ways treat them with great kindness.

He says in the matter of uniforms there has been what might be expected, not very well fitting clothes or very well assorted. He says sometimes the coat and the pants do not harmonize in shade or in size and sometimes the men look rather grotesque, but that is to be expected. When the writer looked at Mr. Johnson, with his trim uniform, neatly fitting leggings and nice hat and clean shoes; then remembered that baggy blouse and pantaloons of the civil war he seemed to think he was looking at a gentleman from a drawing room on Fifth avenue. The water supplied the men is good and the general sanitary conditions in the camp are excellent. As a rule the men are cheerful, and the story of Mr. Johnson brings home is an encouraging one.

DAUGHTER'S ADVICE IS AID TO FATHER

Champaign, Ill., Nov. 20.—A short time ago, to eat a big hearty meal was an impossibility for Huger Everence, Champaign, man of 30½ South Neil street, but Mr. Everence now declares that's about the easiest thing he does now, since taking Tanlac. "I had had stomach trouble for thirteen years and finally lost my appetite completely," he said on June 6. "The little food I ate didn't agree with me, souring in my stomach and making me feel bloated. Several cramps in my stomach caused me much suffering. Catarrh of the head added to my troubles. My head throbbed and was always stopped up. Dripping of mucus into my throat caused me no end of annoyance. I couldn't rest at night and would feel tired out through the day." "My daughter, Mrs. Benjamin Bowlish, advised me to try Tanlac, Versailles, P. P. McKinney, and although I didn't expect to gain any relief, I bought a bottle of medicine. Well, I'll admit I was surprised. I began to improve shortly after starting to use Tanlac. My stomach trouble has vanished now. I eat three good, hearty meals—sometimes five—every day now and thoroughly enjoy them as the food digests perfectly. Tanlac has greatly relieved the catarrh trouble, too. I sleep fine at night now. In fact, my entire system has been 'toned up.' Tanlac has given me new life and strength and I gladly recommend it." Tanlac is now being introduced and explained in Jacksonville at Coover & Shreve's drug stores. It also may be obtained in the following nearby towns: Waverly, Wyle Drug Co.; New Berlin, New Berlin Drug Co.; Ashland, H. O. Brownback; Versailles, P. P. McKinney.

SUIT FOR DAMAGES BRINGS DOLLAR VERDICT

Roberts Vs Hoover Controversy
Heard in Circuit Court Tuesday
—Grand Jury Makes Term Report—
Case Against Roy Sayre Dismissed—County Home and Jail Recommendations.

The main interest in the circuit court proceedings yesterday centered about the trial of Mrs. Adelia Roberts against her brother-in-law, Jacob Hoover. In this case Mrs. Roberts sought damages in the sum of \$10,000 for an alleged attack made upon her last summer.

According to the story, Mr. Hoover went to the Roberts residence to look after some stock during the absence of Dr. Roberts. It seems that Mrs. Roberts objected to his presence there and an altercation followed, during which Mr. Hoover spanked Mrs. Roberts with a board. It was Mr. Hoover's claim that he acted in self-defense and that Mrs. Roberts was armed with a rubber hose which had a piece of iron pipe in one end. At any rate the trouble resulted in the circuit court suit for damages. The jury, however, did not consider that the case warranted the damages Mrs. Roberts asked for and found in her favor for \$1 and costs. Mrs. Roberts was represented by W. T. Wilson and J. O. Priest and Mr. Hoover by W. N. Hairgrove. The jury included: Frank H. Bode, George Pierson, Fred Ashbaugh, E. J. Howe, Ralph Sibley, Martin Cosgriff, Ed. W. Ashbaugh, M. R. Fitch, Ray Harmon, Vincent Viefra, John Bateman and T. C. Chumley.

The jury which heard the evidence in the suit of G. N. Sargent vs. C. F. Tonn et al., returned a sealed verdict which was opened by Judge Smith Tuesday morning. By this verdict the jury found in favor of the plaintiff, fixing the amount of damages at \$50. His claim was for \$160.

Grand Jury Work Over.

The grand jury adjourned after returning a number of indictments and making reports on the county home and jail. The records show the following entries:

In the case of William Carter, charged with intent, a true bill was not reported.

In the case of Harry Clark, charged with assault with intent to kill, the jury found a true bill and fixed bond in the sum of \$1,000. It is charged that Clark shot Mrs. Carrie Fanning Sept. 15 last.

A true bill was found against Charles Conley and bail fixed in the

sum of \$500. The charge against him is the circulating of obscene papers. Conley is the colored man who badly frightened a number of young women on several instances last summer.

The jury found a true bill against Charles Wright, charged with intent to assault.

In the case of Oscar Gray, charged with burglary and larceny, the grand jury found a true bill and fixed bond in the sum of \$500.

Sayre Is Freed of Charge

The grand jury did not indict Roy Sayre, who was held on the charge of manslaughter. Sayre was driving a Ford car August 29 when he ran over Mrs. Evelyn Hettick and she sustained injuries which resulted in her death.

The jury ignored the charge of larceny lodged against Thomas Hennessey.

In the case of Samuel Keyes, charged with burglary and larceny, a true bill was returned and bond fixed in the sum of \$800.

William Price and George Price were both indicted on the charge of assault to kill. The bond of William Price was fixed at \$5,000 and that of George Price at \$2,000. These men were implicated in the shot gun attack made on officers one evening last summer, when their arrest was attempted by Deputy Sheriff Wannamaker and Patrolman Frank Baker were both injured.

The case against Herbert Hyatt, charged with assault with intent to kill, was dismissed the grand jury not finding a true bill.

The murder charge against "Holly" Wright was dismissed but a true bill was found against him on the charge of assault and bond was fixed in the sum of \$1,000.

County Home and Jail Reports

The committee report for the grand jury on the county home was signed by P. J. Crotty, Elmer G. Smith, R. R. Coultas and C. E. Hedrick. The jury, as some others have done in the past, recommends that the county home be equipped with electric light system. The report states that the jury had a pleasant visit to the county home and were courteously received by Mr. and Mrs. McMillen. The statement is made that the grounds, outbuildings and stock are all well cared for, and further the report records an endorsement of the administration of Mr. and Mrs. McMillen and expresses the belief that the commissioners appointed the right man in the right place.

Further the report says: "The jury finds there are 8 work horses in addition to two 2 year olds and two colts; there are 50 fat hogs, 70 shoats, 15 brood sows and 9 calves. Fifty acres are in corn, and there are now 160 shocks of corn. In the granaries there are 1,000 bus. of oats, 500 bus. of wheat, 15 tons of timothy hay, 11 tons of clover hay, 10 tons of oat straw. On the place there are 350 chickens, and farm implements are in good condition. In our visit thru the home we found 32 inmates who are well provided for, the building clean and neatly kept, and in the basement we found an abundant supply of canned fruit, 150 bushels of apples, 300 bushels of potatoes and an ample supply of onions, cabbage and other vegetables.

"The grand jury report for the county jail shows that 10 prisoners were being cared for there at the time of the visit and that they stated they were sufficiently fed. The jail property was found in clean and sanitary condition. The jury recommends the construction of a fire escape for the jail and that walls of the jail should be lined with sheet steel.

The report records commendation of the state's attorney for his courtesy and the able way in which he assisted the grand jury. The janitors of the court house are commended for the care given to the building. This committee report is signed by Perry White, A. W. Becker, F. G. Simms, William E. McCurley, C. P. Hedrick and G. M. Spires.

A true bill was reported against John U. Day on the charge of murder. Another indictment was that against Lloyd Hare who is charged with burglary and larceny.

CO-OPERATION IS GREAT NEED OF SCHOOLS

Supt. Perrin Voices Need of Co-operation Between Pupils and Parents. If School System Is a Success—Speaker Urges Need of Playgrounds and Athletic Apparatus—Parent-Teacher Meeting of Fourth Ward Largely Attended

A good number attended the meeting of the Fourth Ward Parent-Teacher Association last evening and enjoyed a fine program. Mrs. Roberts presided and the secretary Mrs. Graff, read the minutes of the preceding meeting. A fine piano solo was played by Mr. Jensen of the Woman's college and after a number of announcements by the chairman, Miss Elva Brown of the Woman's College favored the gathering with several vocal numbers admirably accompanied by Mr. Jensen.

The association voted \$5.00 to the Army Y. M. C. A., a like sum for the purchase of a basketball for the athletic work. A committee was appointed to confer with Mr. Perrin regarding athletic apparatus needed for the school.

The chairman announced that the campaign for the sale of Red Cross seals would begin Monday and she hoped all would do their possible to urge forward the work.

Supt. Perrin was then introduced and made a fine address. The gentleman has a peculiar faculty as a public speaker. He knows how to say it epigrammatically and forcefully and he knows when to stop; a rare combination.

Urges Need of Playgrounds

His theme was the needs and purpose of the Parent-Teacher association but he begged permission to digress for a moment to urge the matter of playgrounds, athletic exercise with proper apparatus and the full development of the bodies of the children. The number of men found unfit for army service is a fearful comment on the manner in which our children are not developed.

The United States commissioner of education has sent out a plea which is being reiterated greatly, to keep the children in school although attention is distracted by the awful war but we have no right to hamper the coming generation thru lack of education of the young of the day. True Democracy dates back only to 1776; our nation may yet be called a baby in age and her people need the best training they can get. Here is apparent the need of the Parent-Teacher association to foster the spirit of education and co-operate with the teachers and school boards to get the best results.

The Essentials of Citizenship

There are three great institutions:

The Home,
The Church,
The School.

In the early days when the first Pilgrims landed on that eventful day in December, 1620, they brought with them first the spirit of worship and as soon as their dwellings were finished they built a church in each community, rude in its beginning but serving the purpose. Then they thought of the children and at first the preacher was teacher also, and he gathered the children and gave them instruction in reading, some writing and a little number work in addition to religious training. As the work became too much for the pastor special teachers were employed and so a unity was established between the home, the church and the school. So grandly were the foundations laid of general education and religious liberty and an impetus given to education which has been invaluable to the land.

Need of Thinking Ahead

In the olden times a farmer produced almost everything needed but now how inter-dependent we are. In the early times the school continued but a comparatively small time but now it goes on from nine to twelve months as at Gary. There is too much of a tendency of the school to get away from the parents and leave to the teacher the entire work of training the children; he voiced the need of an order which will establish a wholesome relationship between the school, the teachers and parents. We need to be thinking ahead; we need to help each other we should seek a positive force for the upbuilding of education. We need more playgrounds and apparatus to develop fully the bodies of the children. There should be a closer relationship between the parents and the teachers and this is the special work of this association which I trust it is accomplishing.

Objectively we need to seek the spiritual welfare of the pupils. Much may be accomplished by co-operation. In one community where means were small a victory was bought and all could enjoy what hardly any could have at home. Playground apparatus followed in this same place. We have two parks, one south of town and one in the first ward but we should have more; we should have one for each school building. I have a hope this may be thru our board of education but it will be unable for a time to do anything in this line, in Chicago the woman's clubs paid the expenses of the school playgrounds till the board of education saw the need and value of them and took them up.

A social time with refreshments followed and the whole evening was pleasantly and profitably spent.

FRENCH ARMY OFFICER COMING TO THIS CITY

Lieut. Paul Perigord Will Make Address Here Dec. 1st—Date Arranged By Correspondence with Judge Thompson.

Lieut. Paul Perigord, until recently on the general staff of the French army, will be in Jacksonville Saturday, December 1, and make a public address. At the earnest solicitation of the speaking division of the committee on public information, the French high commission has released Lieut. Perigord to the government for lecturing purposes. He will come to Jacksonville thru arrangements just made by Judge Owen P. Thompson, chairman of the Morgan county general committee, acting under the neighborhood committee of the state council of defense. Harold L. Ickes is chairman of the state neighborhood committee of the Illinois council of defense, and in his letter to Judge Thompson Mr. Ickes gives the following facts about Lieut. Perigord:

"Before enlisting in the French army Lieut. Perigord had lived in this country for a number of years. A Catholic priest, located in Minnesota; he took post-graduate work at the University of Chicago, Columbia and the University of Minnesota. He was just about to take his Ph. D. degree at Minnesota when the war

broke out. He at once left for Europe. He found there was no vacancy for an army chaplain and he, therefore, enlisted as a private in the infantry. Lieut. Perigord has taken part in all the important battles of the war from the Marne to the last successful French offensive at Verdun. In each one of them he has been mentioned in general orders for distinguished service. He was very seriously wounded in March, 1915,

but he returned to the front barely recovered from his injuries. He was gradually promoted until he reached the rank of lieutenant. He was actually in the trenches as late as seven weeks ago. He was then ordered to the United States to help train our American officers. He was engaged in that work here as military attaché

to Camp Devens, Mass." Judge Thompson feels that Jacksonville is indeed fortunate to have the opportunity to arrange for the coming of Lieut. Perigord who ranks as an excellent platform speaker. He has been in the war since the beginning and thus has had full opportunity for observation and understands thoroughly present war conditions.

WEDDING ANNIVERSARY

In the recent mention of the coming golden wedding anniversary of Mr. and Mrs. R. R. Stevenson, the time was incorrectly given. This important anniversary will be observed next Wednesday, Nov. 28, at the Stevenson home on Prospect street.

URGENT ORGANIZATION WITHIN THE CHURCH

Rev. Hugh S. Ronald of Thornton, Ind., Tells Audience at Congregational Church That United Work is Needed to Get Results—Members Must Keep in Sight High Vision if the Church is to Succeed in Its Purpose.

At the Congregational church last evening Rev. Hugh S. Ronald of Thornton, Ind., spoke on the question of organizing within the church. L. S. Doane presided and pleasantly introduced the speaker of whose excellent address a short outline is offered:

The best results are accomplished by organization as witness the Y. M. C. A. and Red Cross with their splendid accomplishments. Too much the modern church lacks this as witness the meager salaries paid hard-worked ministers. Of course organization is not the only thing. First there must be life; ardent, devoted action. A lifeless body is hopeless. The people must have a vision, able to see grandly ahead and conceive noble things.

A passenger on a lake steamer was fearful lest trouble come from sailing rapidly in a thick fog and he spoke to the captain who said he spoke to the man who climbed to the top and there stood the pilot looking above the fog and guiding the ship safely by the landmarks he could see from his exalted position.

Love of God Needed
There must be love. The church needs greater love for its Divine Head and for souls. When we contemplate the awful conflict going on aboard; the ruthless massacre of the innocents and the frightful atrocities committed we need the spirit of sacrifice to be willing to lay all on the

alter of our country. We need earnestness in all we undertake; the whole soul absorbed. When we have these things we are ready for organization to put to use the faculties we have and great will be the result.

The speaker then went on to tell some things which had been accomplished in the church of which he has been pastor seven and a half years. A young man had been taken up and supported as a missionary on foreign field. A beginning on a fund for a new church had been made and by organizing the Sunday school was raising fifty dollars a month though owing to the war it had been deemed best to postpone the building for a time.

After the discourse a number remained and enjoyed a social time with the reverend gentleman who had made such a good impression on his audience.

HOME GUARD PLANS WILL BE OUTLINED

Mass Meeting Will Be Held at Court House Tonight—Unit of Volunteer Training Corps Suggested.

Hugh P. Green and Fred Darr were in Springfield Tuesday for a conference with Adjutant Gen. F. S. Dickson with reference to the organization of a home guard or military company here in Jacksonville. In company with State Auditor Andrew Russell and Miller Weir they visited the adjutant general and also had a conference with Lieut. Gov. Oglesby, who is acting governor of the state during the absence of Gov. Lowden.

As the result of this trip it was decided to hold a public meeting at the court house tonight when the matter of organizing a company here will be fully explained and some general decision reached as to the best course to pursue. Miller Weir, Hugh P. Green and others will make addresses.

Unit of Training Corps Suggested

It is quite probable that the suggestion of Adj. Gen. Dickson will be followed and a company of Illinois Volunteer Training Corps will be organized, to include men from 18 to 55 years of age, none of whom are in the draft, and that an auxiliary will be organized of men who are in the draft. By this plan all classes will be brought together and yet when the call to U. S. army service comes the leaving of the drafted men will not cripple the organization.

The organization recommended by the state authorities is a unit of the state council of defense volunteer training corps. Such a unit must have not less than one captain, two lieutenants, six sergeants, eight corporals and sixty-five privates. Men who enroll in such a company will be under the direction of the state council of defense and must co-operate with the military and police authorities in guarding public property and in general act as an emergency body. The unit will be expected further to encourage recruiting in the regular service for the U. S., assist in the preparation of men subject to the draft, aid in the dissemination of military knowledge and work for the general upbuilding of the physical character of the citizens of the state.

Under Defense Council Control

All units will be organized and operated under recognized military methods, except that local units will report direct to the military committee of the state council of defense, and the organization, discipline, government and equipment as far as practicable, not in conflict with law, shall conform to the regulations, customs and usages of the army and navy of the U. S. or the regulations of the Illinois National Guard.

The state council of defense shall appoint and commission on recommendation of the adjutant general, officers to command the various units of this organization. As already indicated, able-bodied men of good character between the ages of 18 and 55 who are citizens of the U. S., may be enrolled in the state council of defense volunteer training corps. Any persons so enrolled may if in good standing, resign from the corps. Men who enlist in the unit must drill not less than one period of two hours per week and must maintain an average attendance of not less than sixty per cent. Failure to maintain this average may cause disbandment of the organization by the military committee of the state council of defense.

The uniform worn consists of campaign hat, breeches, blouse and shirt and must be purchased at the expense of the men who enlist. Service in the corps does not carry any other procedure than state wide service within the state of Illinois, under the order of the state council of defense. Col. Oglesby is the chairman of the military committee of the state council of defense.

Many Cities Ready to Organize.

The state authorities tell the Jacksonville men know that if assurance is given that a unit will be organized here, that a place will be reserved in a regiment now forming. There are a number of cities ready to organize such units but the Jacksonville organization will be given the preference. At the meeting held recently more than seventy-five men were present to indicate their interest in the organization of the local military company and no doubt these men and others will attend the meeting in the circuit court room tonight. At the previous meeting there was some question as to the best form of organization to adopt and it is expected that the matter can be readily settled tonight.

The state law provides for the formation of reserve militia and there are three such regiments now in existence, but it was the opinion of the state officials consulted that the situation here in Jacksonville will be best met by the organization of the unit of the volunteer training corps.

INDIAN OPERETTA CHARMING OFFERING

Evening of North American Indian Music Given at School for Deaf Tuesday Was Performance of Merit—Work of Principals and Chorus Showed Careful Training—Proceeds Go To Woman's Building Fund of Illinois College.

Seldom has an amateur performance of greater merit been given in Jacksonville than the "Evening of North American Indian Music" presented by pupils of Mrs. Genevieve Clark Wilson at the School for the Deaf Tuesday evening.

The proceeds from the entertainment go to the Illinois College Women's Building Fund. There was a large audience present and frequent approval was shown thru the program of the efforts of the performers.

The musical part of the program was under the direction of Mrs. Wilson and the work of the various soloists and the chorus showed the result of her gifted and intelligent training.

Miss Alice Phillips had charge of the dancing and the work of the chorus in this particular was of high class and many expressions of appreciation were heard. Miss Elson Barnes had charge of the staging and worked out the various scenes and tableaux. However, Miss Barnes' time has been much taken the past few weeks with other endeavors. She said last night that the credit for the success of the entertainment was largely due to the tireless efforts of Mrs. Wilson and Miss Phillips.

Miss Marguerite Butler as accompanist had a difficult task but she performed it in an admirable manner. Her work was especially commendable with the chorus. George Garrison read the interpolated lines that linked the various numbers together.

The evening's program was divided into two parts. Part one contained a number of solos. It opened with "Sunrise Call" or echo song, sung by Robert Boyd as the Sun Priest. Mr. Boyd has a splendid voice and his enunciation was particularly good. The light effects showing the coming of dawn were worked out in a fine manner and added greatly to the beauty of the scene.

Paul Watkins sang in a capable manner "Zuni Lover's Wooing" or Blanket Song. Mr. Watkins was assisted by Miss Ruth Hackett as the Maiden and they won hearty approval from the audience.

"Invocation to the Sun God" Zunian Lullaby and "Her Blanket" from the Navajo were given by Miss Fern Haigh. Miss Haigh has a splendid stage presence and a voice of great power and quality. Her singing was easily one of the features of the evening.

Robert Shoemaker as the saying is always appears to advantage in anything he undertakes. Last night Mr. Shoemaker as the Sun Priest sang "The Great Rain Dance of the Zunis." His interpretation was splendid and he was ably assisted by the chorus.

The second part was "Hiawatha's Childhood" from the story of Longfellow, an operetta by Bessie Whiteley. Miss Mary Elizabeth Pribe, appeared as Nokomis, Robert S. Shoemaker as Sagoy, and Miss Genevieve C. Wilson as Hiawatha. Miss Pribe gave a splendid interpretation of the role and Miss Wilson making probably her first ambitious appearance made a charming Hiawatha and gave her solo number with fine effect. Mr. Shoemaker as Sagoy was all that could be desired.

The work of the chorus throughout added much to the performance. It sang and danced well and seemed to enjoy the work. The costumes were in keeping with other details and together with the weird, and sometimes fantastic, Indian melodies aided greatly in giving the proper atmosphere to the performance.

The members of the chorus were: Indian youths and maidens—Melba Armstrong, Gladys Andre, Catharine Carter, Ruby Cully, Lorine Deeweese, Mabel Forrester, Louise Gebert, Fern Haigh, Edna Hackett, Ruth Hackett, Catharine Rapp, Hazel Widmayer.

Fireflies and phantoms—Mary Alexander, Virginia Bullard, Aileen Pich, Frances Gatling, Ruth Hackett, Ida Widmayer.

DESCRIBES CAMP LOGAN AS ALL LIFE AND ACTION

George H. James is With 124th Field Artillery at Texas Training Camp—Motor Truck Mail Service Three Times Daily a Feature of Camp.

Relatives in the Woodson neighborhood have received the following letter from George H. James, who is now a member of the 124th U. S. Field Artillery, Camp Logan, Houston, Texas. The writer describes in interesting vein recent camp happenings, and says he expects soon to be on his way to Long Island. The letter follows:

Houston, Texas, Nov. 13, 1917. Dear Parents and Sister:

I received your letter, was glad to hear from you, but some how you have not received my letters as regular as you should and if this proves to be so in the next few days, I suppose I am to be the loser of my last month's wages for we had our pay Oct. 5. This is not going to happen again for I will send it by Express money order.

I will try and write a little extra in this letter to tell you of our camp, also mailing to you a Camp Logan Review paper, which you will find quite instructive.

Gov. Lowden arrived the 6th inst., the entire camp, about 30,000 made a parade to Houston yesterday, including ten bands. Each regiment has a band. This 124th which I am in has sixty different instruments, 28 is the regular number so the balance in the future will be detailed to band duty when needed, although they will be transferred to some other work.

The artillery men have been drilling with imaginary dummy cannons until recently. The regular cannons such as are used in field of action. You may notice by reading this camp organ paper that this bunch of men are from all parts of the United States. Our camp is all life and action. Some time ago we caught a rattlesnake and just a short time ago we caught a King snake, this is a snake that can kill the rattlesnake, so the rattlesnake stays out of his reach. You would be surprised if I should tell you we caught an alligator which is just a young one at least about 2 feet long. We intend to keep it as long as we can so we may learn something about its habits.

Appreciates Comfort Kit.

I received your card yesterday and I want to thank you for the comfort kit as a gift of this kind is something I've wanted for some time, all the boys that are from St. Louis got a small comfort bag from the National Woman's Christian Temperance Union. I got one also, but it is not anything to compare with the one you sent.

We were given another examination at the Divisional Headquarters as to our ability for what we enlisted for. I suppose this is about the last one of this kind. I have not had any drilling for a

month as I am in the dining hall. I should worry, well the reason is our artillery has not any trucks or cars yet, and the Lieutenant is mighty good to me. We have had four hikes; the first was 4 miles, second 12 miles, third 16 miles, and fourth 10 miles up in Houston in a parade before the Governor. Lieutenant usually asks me if I care to accompany them which of course I could not for my hours in the dining hall are such that I can not. Another hike Thursday, 15th, returning in time for mess, 12 a. m. I do not know yet whether I will go or not. I got a letter from Charlie some time ago, he is very busy now.

We have a motor truck mail delivery service three times a day. To-day's mail was very heavy, being loaded five feet above the body of the 28 inch bed. This is a load 7 1/2 feet high, the full length of the large Packard truck. The infantry has about 30 of these trucks to take care of their camp. Our artillery company has no trucks or cars yet.

Tents are Comfortable.

We have board floors and 3 foot board side walls for our tents and also stoves, which make us nice and cozy during cold weather, although I always build a fire every morning as it is cold during the nights.

I only wish you just knew how much I appreciated that cake which you sent me. I have gained fifteen pounds, the boys all say I am getting as fat as a pig.

Well, I suppose I will be on my way to Long Island soon, perhaps some time next month. We were informed to that effect, but according to the mess sergeant's orders, we will not go so soon, as he has not been notified to order the ration for the trip yet. He says that Thanksgiving dinner has been ordered and Turkey too. Believe me, if I am not sick the next day it will not be my fault.

Today's dinner is as follows: Veal roast, carrots (my dish, mashed potatoes, fruit salad, bread and butter and iced tea.

The Lieutenant and a few of us are going on a persimmon hike some time soon for the fun of it.

Well I will close. Write soon. From your loving son and brother, George H. James.

BARN FIRE THOUGHT TO BE INCENDIARY

Barn Burns Near Waverly Under Suspicious Circumstances—Structure Contained Large Quantity of Grain and Hay.

Waverly, Nov. 20.—The barn belonging to James McDivitt, residing about three miles northwest of town was destroyed by fire at 3:39 a. m. Sunday. It was thought to have been set on fire. Bloodhounds were secured but no trace has been found. The barn contained fourteen tons of hay and eight hundred bushels of thrashed oats and one calf. There was \$700 insurance.

DID YOU SEE THEM?

Last night between eight and nine o'clock the Journal was informed from a number of different sources that airplanes were flying over the county. Oliver Cain, residing about eight miles southeast of the city, was the first to call this office, stating that two planes had just passed over his place, one going on the east side and one on the west side of his house. He stated that they carried light and seemed to be headed for Jacksonville. Fifteen or twenty minutes later several residents of southwest of the city reported the flyers in that vicinity.

Louis Kelly, of the Priest garage, reported a plane to the southwest of the city, going in the direction of Lynnville. It is probable that these unexpected visitors were student flyers either from Rantoul Field, near Champaign or from Belleville. Taking advantage of these moonlight nights they are practicing for their more dangerous flights next year over German soil. As long as they confine their practice stunts to flying and do not extend them to bomb dropping peaceful Morgan can stand the strain.
